🧩 Technical skills

Backend

- Python, Flask, FastAPI
- REST API, JWT authentication
- SQLAlchemy, Alembic
- PostgreSQL

Web

- HTML, CSS
- Adaptive layout
- Basic JavaScript

Automation

- Python scripts, utilities
- Web scraping (Requests, BeautifulSoup)
- File and data processing
- Integrations/API automation

Bots

- Telegram Bot API
- Chat automation, mirroring, messaging

Tools

- Docker / docker-compose
- Git, GitHub
- Google Sheets automation

🚀 Projects

Docs Indexer

A Python utility for indexing technical documentation: loads pages from a list of URLs, cleans HTML, breaks content into semantic chunks, adds metadata, and exports everything to a structured format (JSON/Markdown) for LLM/RAG.
 Stack: Python, Requests, BeautifulSoup, lxml, CLI
 Role: Python Developer / Automation Developer

Flask Task Manager

Backend service with JWT authentication, CRUD operations for tasks, Swagger UI, and Docker.
 Stack: Python, Flask, SQLAlchemy, PostgreSQL, Docker
 Role: Backend Developer

FastAPI Task Manager

Fast API on FastAPI with authorization, health checks, migrations, and a well-thought-out structure.
 Stack: FastAPI, SQLAlchemy, Alembic, PostgreSQL
 Role: Backend Developer

Python File Sorter

A CLI utility that automatically sorts files by type and extension.
Stack: Python
Role: Automation Developer

Flask Web Scraper

A web application with a form for entering a URL and collecting data from pages, the result is a structured table.
 Stack: Flask, Requests, BeautifulSoup
 Role: Python Developer

Telegram Mirror Bot

A bot that duplicates messages between chats, supports filtering, logging, and source/destination settings.
 Stack: Python, Telegram Bot API
 Role: Automation / Bot Developer

🏢 Experience

Freelance / private projects (2023–2025)

- Creating backend services and APIs
- Telegram bot development
- Business process automation
- Data processing optimization
- Layout of small web tools and panels

Working with real clients: clarifying requirements, setting tasks, testing, documentation.

🎓 Education

Oles Honchar Dnipro National University
Faculty: Aviation and Rocket and Space Engineering
 Bachelor (obtained)
 Master (studying)
2020 – present

🌱 Personal qualities

- Responsibility, independence
- Analytical thinking
- Initiative, desire to develop
- Consistency and discipline
- Willingness to work in a team
